

# Perrysburg Health and Wellness Center

## Proven Savings at the Health Center

Best medical experience I've ever had anywhere. Staff is fantastic!

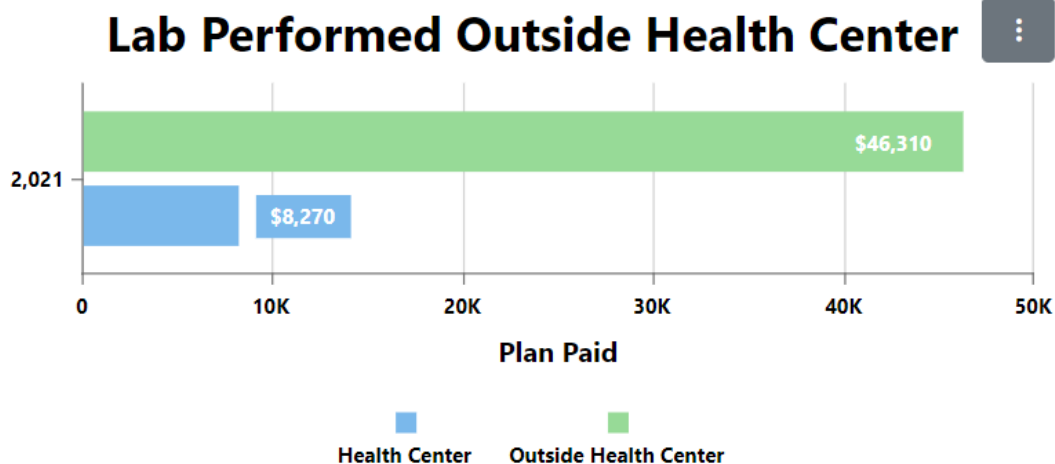

Dr Power is great! He explains everything thoughtfully, takes the time to answer all questions!

I'm always greeted with a smile & feel welcomed as soon as I walk in the door!

- Health plan medical costs in 2020 are down 74% from 2019.
- Since health center opening in June 2018 the rolling 12 month pepm health plan cost has reduced by 39% through June 2020.
- Through June 2020, those health center users with complex chronic conditions (more than 1 chronic condition) their health plan costs decreased by 135% since the health center opening.
- For the time frame above there have been 88 patients who have had some weight loss. These reductions result in **cost avoidance of \$161,040**. In addition to these reductions 35% of the patients have their BMI with in normal range.
- Currently 95% of the patients with a diagnosis of diabetes have their A1C with in target.
- Through the use of the Perrysburg Health and Wellness Center, Perrysburg School Corporation has achieved **\$57,785 in savings since health center opening for lab services**.
- Health center usage by Perrysburg Schools has maintained pre COVID levels.

### Lab Cost Comparisons

For those who use the health center vs those performed outside the health center  
**the number speaks for itself!**

Dr Power is knowledgeable regarding the most recent research.

Dr. Power did an excellent job of explaining things/ educating me. He has a friendly demeanor.
